## RESEARCH EXPERIENCE

---

**European Central Bank (ECB), DG Research** Sept 2025–Present  
**Research Assistant** *Frankfurt, DE*

- Designed and maintained proprietary monetary (MFI Interest Rates), financial (MFI Balance Sheet Items), and regulatory (European Banking Authority) databases using advanced SQL programming
- Performed microeconomic analyses, created data visualisations, and developed statistical data procedures using STATA and Python programming to support DG Research publications
- Collaborated with ECB economists on policy research (digital banking and AI, sovereign debt yields, HF trading)

**Harvard–LSE Growth Lab** Oct 2024–Aug 2025  
**Research Assistant** *London, GB*

- Co-authored an 80-page report on ‘Improving productivity measurement in the UK financial services sector’, after securing and being awarded funding from the Financial Conduct Authority’s Economic Research Competition
- Co-authored a 200-page ‘UK Growth Diagnostics’ report identifying binding constraints to UK growth, specialising in financial constraints (shadow price of finance, access to savings, financial intermediation and macro risks)
- Co-authored an 80-page ‘Ukraine Diaspora Engagement and Returnees’ Policy’ report funded by the Open Society Foundations, exploring how migration (return and diaspora engagement) can support Ukraine’s post-war recovery
- Data sorting and cleaning (STATA, Excel), and data visualisation using JSON programming (VegaLite)
